Aggie's Story

Agatha Jade Oatley was a vibrant, happy, healthy child that was the innocent victim of a murder-suicide in an act of violence. Her needless death was impactful, including the fire department community, as she was a true "fire department kid". She was a gentle, respectful soul that tried to learn something new daily. In her honor all proceeds raised at this event will help establish the "Aggie Oatley Scholarship Fund". The goal is to have fun, and as Aggie always said, "you have to try your best"!!!
